

Technical rider circus tent

Specifications tent and accessories:

Round, 12 m in diameter, the highest point is 6 m, the sides are 2.5 m high.

20 aluminum side posts, 1 aluminum mast in the middle of the tent.

Blacked out tarpaulin, fire resistant M2 tarpaulin

Fire extinguishers and emergency lighting are provided

The entrance of the tent can be opened up to 2 meters wide (2.5 high).

Capacity: There is room for 160 people, or 200 children, sitting around on grandstand benches.

Scene lighting with LED spots (8x 1500 lumens (Showtec Spectral M800 Tour), 'Hall' lighting with chain of lights

If it is very hot, the tent can be opened half or fully.

The audience sits on custom-made aluminum benches and cushions in fire-resistant tarpaulin. We put a soft mousse on the pickets protruding from the ground around the tent.

Our civil liability insurance covers any accidents with the tent

The organization provides:

A free space of 16 m by 16 m and a surface that can accommodate pickets (grass square is ideal)

We are not responsible for hitting invisible underground pipes.

Electricity: 2 different circuits secured at 16A

If possible parking space for the trailer next to the tent

We would like 4 helpers to set up and dismantle the tent (each time 1h30 to 2h), for an additional cost we can also provide helpers ourselves.
